making connections in elementary and middle school social studies second edition is the best text for teaching primary school teachers how to integrate social studies into other content areas this book is a comprehensive reader friendly text that demonstrates how personal connections can be incorporated into social studies education while meeting the national council for the social studies thematic pedagogical and disciplinary standards praised for its wealth of strategies that go beyond social studies teaching including classroom strategies pedagogical techniques activities and lesson plan ideas this book examines a variety of methods both novice and experienced teachers alike can use to integrate social studies into other content areas

a collection of essays that examine the causes of and provide solutions to the widespread alienation and disconnection that beset modern society since the beginning of the 21st century people have become increasingly disconnected from themselves each other and the world around them a crisis of connection stemming from growing alienation social isolation and

fragmentation characterizes modern society the signs of this crisis of connection are everywhere from decreasing levels of empathy and trust to burgeoning cases of suicide depression and loneliness the astronomical rise in inequality around the world has contributed to the critical nature of this moment to delve into the heart of the crisis leading researchers and practitioners draw from the science of human connection to tell a five part story about its roots consequences and solutions in doing so they reveal how we in modern society have been captive to a false narrative that takes individualism as a universal truth the new story now emerging from across the human sciences underscores our social and emotional capacities and needs the science also reveals the ways in which the privileging of the self over relationships and of individual success over the common good as well as the perpetuation of dehumanizing stereotypes have led to a crisis of connection that is now widespread finally the practitioners in the volume present concrete solutions that show ways we can create a more just and humane world this profoundly important book suggests that our innate human determination to bridge differences and live in vulnerable loving relationships is the antidote to rising fear and anxiety lyn mikel brown author of powered by girl

this monograph emphasizes the importance of educating both preservice and inservice teachers in mathematics education it highlights the need for professional development for teacher educators and research on their development aiming to continue the conversation among those involved in mathematics teacher education

an accessible guide to creating schedules that amplify school and district priorities support best practices in teaching and learning heighten student engagement and enhance equity a school s schedule can be as important to education outcomes as its budget or strategic plan the secret to making the schedule a tool for school improvement is to approach schedule design not as a technical task centered on making everything fit like tetris blocks but as a strategic one in this book informed by research and their work with hundreds of schools scheduling experts nathan levenson and david james explore how strategic scheduling can turn a good enough schedule into one that supercharges learning and engagement without additional costs or more ftes if you are ready to figure out which schedule type is best for your students and staff disrupt harmful tracking and ensure every student has access to highly skilled teachers and rigorous curriculum deliver optimum hours of core instruction while expanding electives and providing opportunities for student voice and choice precisely match staffing to course enrollment to free up personnel and funds for other purposes find time for critical intervention and enrichment blocks and communicate scheduling decisions more effectively to parents families and district leaders then it s time for strategic scheduling offering targeted advice for best practice scheduling at the elementary middle and high school levels this book will help school and district leaders and the teachers and students they serve make the most of every school day and every school year
